"The recitation of the Names of the Lord will help to purify the atmosphere as a result of the sacred sound waves getting absorbed in the atmosphere. The power of the sound waves is evident from the way radio waves are transmitted and received over long distances. The atmosphere that has been polluted by impure sound waves can be purified by chanting the Divine Name. Likewise, sacred thoughts, pure speech and pure actions will purify other polluted elements. There is no better purifying agent than this."

*– Sathya Sai Baba,
