The bhajans (songs) that are sung permeate the ether in the form of sound waves and fill the entire atmosphere. Thereby, the whole environment gets purified. Breathing in this purified atmosphere, our hearts get purified. Reciting the Lord's name is a process of give and take. Singing the Lord's name should become an exercise in mutual sharing of joy and holiness. It should be remembered that the sounds we produce reverberate in the atmosphere. They remain permanently in the ether as waves and outlast the individual uttering the sound
