**Contacts:**

Sukanthi Sanjeevan: 0413 987 464  
Devika Khatri: 0418 120 978

*Trees play a vital role in helping mankind to receive oxygen from the atmosphere while they absorb the carbon dioxide exhaled by human beings. Hence, the ancients favored the growing of trees to control atmospheric pollution. But, nowadays, trees are cut down indiscriminately and pollution is on the increase.*
